Packaging Description:

Primary packaging is printed polyethylene package sealed by dated sealing tape. The chicken packages are accommodated in secondary packaging, cardboard box, with the art in Arabic upwards (breast upwards). The box receives a product identification tag and an internal control tag. After passing through Lenke, the box receives the batch printout, production time and production date in dd/mm/yyyy format and proceeds to freezing. At the exit of the tunnel, the box is covered and proceeds to plasticization in heat shrinkable film.

Sealing:

Automatic with dated sealing tape
